

## Instrument Departures to the South (Runway 19)

### Notes:

- ❖ Graphic shows instrument departure procedures for historic, current and Part 150 potential procedures on Runway 19 (departing to the south)
- ❖ FAA changed the departure procedure to the current path in mid-2000s
- ❖ Note new potential procedure could not be flown by all operations under all conditions. Current procedure would continue to be used for the majority of Runway 19 departures.
- ❖ Shows shifting of path closer to highway 89
